

NOW THAT YOUR FUTUREPLUS ASSESSMENT HAS BEEN VERIFIED...

# WHAT HAPPENS NEXT?

Congratulations! You can access all of the platform's features and tools, including your scores, roadmap and report, via your FuturePlus Dashboard.

- + You can find out more about what your **scores** mean and how they are calculated [HERE](#).
- + Your scores are **dynamic** and will adjust as you hit (or miss) your targets! Don't forget to keep your assessment **up-to-date** by amending your answers and re-submitting your assessment whenever you meet one of your ambitions.
- + Your **report** can be used to **share your progress** with your stakeholders. The bespoke *Insights* and *Conclusions* sections are revised by our team as you move forward with your sustainability goals. You can **download** your report via your Dashboard.
- + Your time-sensitive **roadmap** can be used to **guide your sustainability ambitions**. Remember, you can integrate your Roadmap with project management software such as Asana, Trello or Airtable. Click [HERE](#) to find out how.

## Using the FuturePlus IMPACT CERTIFIED badge

You can now start using your FuturePlus **IMPACT CERTIFIED** badge. Use the badge to demonstrate your organisation is part of the FuturePlus community, taking steps to **improve** its social and environmental impact.

For **access** to the badge and guidelines on how to use it, please contact your Advisor, or email: [team@future-plus.co.uk](mailto:team@future-plus.co.uk)

## Most importantly, we're here to help!

Your membership includes access to support from us **whenever you need it**.

We have a huge range of **tools and materials** we can share with you as part of your membership, as well as a **highly experienced team** ready to help you meet your targets.

**Thank you for being part of the FuturePlus community. We are looking forward to working with you!**
